Dear Parent/Guardian:

As a student in the Wicomico County School system, your child has access to the Chesapeake Health Care School-Based Health Center. The mission of school-based health is to improve the health of students, increase access to primary health care and decrease time lost from school by providing care within the school setting. We are a convenient source of quality health care staffed by physicians, nurse practitioners, dentists, dental hygienists and licensed behavioral health counselors who work in collaboration with your child's doctor and the school nurse. Your child can receive medical, dental and behavioral health treatment right at school.

Services: Chesapeake Health Care can provide treatment for minor health issues/injuries, assistance in managing chronic illnesses, prescriptions, health assessments, routine lab/diagnostic tests, health education, referrals to specialists and sports physicals. Whenever your child is seen by the Health Center staff, a note is sent home that details the visit. Additionally, a report of the visit is shared with your child's primary doctor and a copy maintained at the school-based health center.

Cost: Federal and state regulations require all providers, including Chesapeake Health Care, to bill all patients for school-based health center program services. Most health plans, including Medicaid, cover the cost of services at the School-Based Health Center. If your child has health insurance, we will bill the insurance company for health services and follow the billing requirements associated with your plan. As grant funding permits, copays, deductibles, and charges for uninsured/underinsured patients will be waived. Finally, the cost associated with lab services will be billed to your insurance. Bills for these tests will come directly from the lab company. Chesapeake Health Care is unaffiliated with the lab company and has no ability to waive these costs, but has negotiated reduced prices for uninsured patients.

Enrollment: All Wicomico County students can enroll in the program. Please complete the attached Enrollment/Consent and Health History forms and return them to the school nurse. Once your child is enrolled in the school-based health center program, they will not need to re-enroll each year. If you have any questions about the program or you would like to schedule an appointment, please call Chesapeake Health Care and speak with staff:

- Wicomico Middle School, call 443-754-1675
- Wicomico High School, call 443-754-5333

SCHOOL-BASED HEALTH CENTER SERVICES

I consent for my child to receive health care services provided by the licensed health professionals at the School-Based Health Center. I understand that the school-based health center will ensure confidentiality in accordance with the law, and that students will be encouraged to involve their parents or guardians in counseling and medical care decisions. School-Based Health Center services may include, but are not limited to:

1. School health services, including: screening for vision, hearing, asthma, obesity, and other medical conditions, first aid, and required and recommended immunizations.
2. Comprehensive physical examination (complete medical examination) including those for school, college, daycare, sports, employment, and new admissions.
3. Medically prescribed laboratory tests such as for anemia, sickle cell, and diabetes.
4. Medical care and treatment, including diagnosis of acute and chronic illness and disease, and dispensing and prescribing of medications.
5. Mental health services including evaluation, diagnosis, treatment, and referrals.
6. Health education and counseling for the prevention of risk-taking behaviors such as: drug, alcohol, and tobacco use; age appropriate education on abstinence, pregnancy prevention, sexually transmitted infections, and HIV.
7. Dental treatment consisting of examinations, diagnosis & treatment modalities that may include cleaning and sealants.
8. Referrals for services not provided at the school-based health center.
9. Annual health questionnaire/survey.
10. Telehealth services performed via secure communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care.

REPRODUCTIVE HEALTH CARE SERVICES

Reproductive health services, including but not limited to the following services, **WILL NOT** be provided at the school based health center unless you specifically consent below:

- Pregnancy testing
- Screening for sexually transmitted diseases and treatment
- HIV testing
- Birth control prescriptions

By signing below, I consent for my child to receive the reproductive health care services outlined above at the school based health center site. Because of the nature of these services, your child may receive a referral to our OB/GYN department or other primary care office for follow up testing and/or treatment.
